

Your partner in strategic alliances

GLOBOFARM INTERNATIONAL PVT LTD

COMPANY PROFILE 2023

About Us

- * Globofarm organisation is a well informed, highly efficient, swiftly functioning competitive Import & Export entity.
- * We serve private, institutional and corporate clients worldwide in the field of Pharmaceuticals & Nutraceuticals. We combine our contacts, their expertise and core competency with our operations to deliver superior pharmaceutical sourcing solutions to our customers.
- * Having our base in India, Globofarm has been serving clients globally
- * We are an affiliated Member of FIEO and Pharmexcil.

Our History

Established in the year of 2014 by two partners. Initially, they catered to the domestic needs and later as the customer base grew they expanded their horizons and started catering to other countries as well.

In 7 years, Globofarm is exporting to 15 countries with over 30 clients from them and importing from 7 countries.

We have evolved from Globofarm LLP to now Globofarm International Pvt Ltd.

The name and business strength that has been earned by our organisation today, is due to the professionally equipped and able staff, who have a varied experience of the Indian market and good knowledge of serving the customers globally to their satisfaction.

Our Mission

Our goal is to achieve the fastest possible result for the person/institution in search of API's, advance level intermediates, nutraceutical ingredients in the pharmaceutical & nutraceutical sector - Whether the requirement is related to the simplest, to the most complex, hard to find, new & upcoming molecules and be Competitive as well.

We bring innovative solutions to our clients by marketing branded ingredients with clinical studies.

Our Abilities

- * We deliver quality ingredients to our clients and meet target price of our clients, be it API, nutraceutical ingredients, Drug impurities, Intermediates, herbal extracts and probiotics.
- * Ability to synthesize newer API's (Active Pharmaceutical Ingredients , Active Pharmaceutical Raw materials) and its advance pharmaceutical intermediates in highly efficient network facilities in India, China, Europe and the like where in very many projects have been successfully initiated to the buyers satisfaction and concluded along with submission of technical documentation as required for Drug Master File (DMF) filing.
- * Capability to support the buyer's requirement of documentation and technical package for evaluation prior to startup of project followed by preparation of documentary support i.e. CMC data package as required by regulatory authorities.
- * Facilitating product synthesis by alternative and/or non infringing patent routes in many cases.
